

December 7, 2021

It is clear from comments members have put forward that there remain questions that need answers. In the interests of full disclosure, a starting point to dispel any allegations of impropriety in the status of members might be for the membership/auditing committees to fill in the table below.

The table is straightforward. It will furnish members with a clear picture of year-on-year changes in total membership and elevations in membership status, provide a context and bring to light any unusual changes or inconsistencies. The column headings are self-explanatory; however, footnotes can be used to describe anomalies.

Finally, many if not most members will agree with Messrs. Bruch and Lozynsky requests to “висилати всі ваші електронні висилки. Я хочу бути поінформованим і мати якнайбільше документації.”

З повагою,
Ярослав Мартинюк
